

## 8182

### DUAL CHANNEL MOFSET POWER AMPLIFIER

Model 8182 is a compact single rack height dual channel power amplifier made in Australia, by Techcraft Sound Systems Pty Limited. It's dual totoidal power supply eliminates stray hum fields and induced hum in equipment, which may be mounted in close proximity.

The 8182 is ideally suited for critical pro audio or broadcast applications.

#### FEATURES:

- Low hum and noise
- Stereo or mono outputs
- Totoidal power supply
- Compact single rack unit height
