

## AMISPM4

# 4 Channel Passive Mixer

### Introduction

The Australian Monitor Installation Series PM4 is a 4 input, 1 output passive mixer that can be used for mixing 4 mics, instruments, or line sources or for converting stereo feeds to mono. The AMIS PM4 requires no batteries or other external power source. The unit features unbalanced 6.35mm jack inputs & outputs, & can be used as a 1 in 4 out signal splitter when all channel volumes are run at maximum. As part of the AMIS Contractor Tools range, the AMIS PM4 is an inexpensive multi purpose passive mixer that has a multitude of uses in a wide variety of installations.
