

ISP POWER AMPLIFIERS WITH DSP HEADEND & DANTE

DM4x4
Dante module 4in/4out

IS2120P
Network Power Amplifier with Dante module
2 x 120W high or low impedance

IS4250P
Network Power Amplifier with Dante module
4 x 250W high or low impedance

SPEAKERS

- **Zone 1 - QFC8CS**
Coaxial ceiling speaker, 8 inch 2-way, 30W
- **Zones 2 - FLEX30B**
Wall mount speaker 5 inch 2-way, 30W
- **Zones 3 and 4 - FLEX50B**
Wall mount speaker 6.5 inch 2-way, 50W
- **Zones 5 and 6 - QF60CS**
Premium coaxial ceiling speaker, 6 inch 2-way 60W

VC-LIN
VCA volume control connected to the GPIO on rear of ISP

ISP POWER AMPLIFIER FEATURES

- Network control
- Embedded ALMA Control Software
- Full DSP - Input Matrix, Filters, 12 band Parametric Eq, Compressor / limiter, Delay, Mute, Inversion
- 4 software configurable general purposes input/outputs
- Failover and fault status monitoring
- 4 Input, 4 Output Dante® support using expansion card DM4x4
- Additional 4 Analogue line inputs using expansion card ANALOGUE4
